MEMORANDUM FOR: Contracting Officer

SUBJECT : C-Rack Modification

25X1A REFERENCE : Letter to [REDACTED] dated 29 April 1957
(Attached hereto)

25X1A 1. Proposal CAN-55 is being discussed in reference. This proposal was rejected by the ESO because of shortage of funds in [REDACTED]

25X1A 2. In my opinion, this modification (CAN-55) is needed for [REDACTED] as follows:

	<u>Number</u>
ESO (Barton Hall)	One
NTPC	One
25X1A [REDACTED]	One

3. There is value (as a flexible piece of equipment for future possibilities) of this modification on each C-Rack, but this can not be justified on the present concept of usage. I would recommend that the Air Force determine if they desire this modification on their equipment.
